

EQUAL OPPORTUNITIES MONITORING

St John's is an equal opportunity organisations. It is the policy and practice of the College that entry into employment and progression within employment, will be determined only by criteria which are related to the duties of a particular post and the relevant salary scale. No applicant or member of staff will be treated less favourably than another because of his or her age, disability, ethnicity, marital or civil partnership status, parental status, religion or belief, sex or sexual orientation.

We collect equal opportunities monitoring data on all applicants and staff to monitor our progress in promoting equality and to inform any changes that may be needed to our policies, practices and services, as well as for statutory monitoring purposes. Analysis of this data enables us to meet our equality duties as a public sector employer.

All personal information will be treated in accordance with the Data Protection Act (1998), and the data used for statistical monitoring will be anonymised and published in a way that does not allow individuals to be identified. **Your equal opportunities information will not form part of any selection or promotion process and will not be disclosed to the selection panel or your department.**
