

NOTES FOR APPLICANTS

The BIG Scholarship in Mathematics/Mathematics and Statistics or Mathematics and Computer Science for Overseas Students (2024 Entry) holding offers at St John's College, Oxford.

St John's College in partnership with Global Talent Lab and its Backing Invisible Geniuses (BIG) program wishes to support undergraduates of outstanding academic potential who are in financial need. The scholarship is restricted to candidates in Mathematics and its joint courses who have earned a medal at the International Mathematical Olympiad, the European Girls' Mathematical Olympiad, or another major international science Olympiad, and whose fee status is OVERSEAS. For further details about Fees and Funding, please go to: [Ugrad Fees & Funding 2024/5](#)

The scholarship may cover both University and College fees, and a living cost grant. The award(s) may be partial or whole depending on the assessed financial status of the applicant(s).

A: IMPORTANT INFORMATION BEFORE YOU BEGIN AN APPLICATION

You must read the information in this document and the scholarship details in the advertisement on the St John's College website to check your eligibility before completing your scholarship application form online. The link to the online application form is available on the St John's College website.

1. A breakdown of the expenses and an explanation of tuition fees and college fees are provided on the University of Oxford's website at: [Fees & Funding](#)
2. We use email to inform applicants of the outcome of their application, so please ensure that the email address you supply is valid. Please let us know if you change your email address by emailing sarah.jones@sjc.ox.ac.uk
3. Only applications from undergraduate applicants who have been offered a place at St John's College, Oxford to read Mathematics or Mathematics & Computer Science for entry in October 2024 will be considered. The scholarship is restricted to candidates in Mathematics and its joint courses who have earned a medal at the International Mathematical Olympiad, the European Girls' Mathematical Olympiad, or another major international science Olympiad, and whose fee status is Overseas.
4. If you apply for a scholarship for which you are ineligible, your application will not be considered.
5. Information from your UCAS application and University of Oxford admissions tests and interviews (if applicable) will be taken into account, alongside the information you provide on the scholarship application form, when considering your application.

B: COMPLETING THE APPLICATION FORM

Please fill in the form as clearly and completely as possible. The online form is also available in alternative formats, should this be required for accessibility reasons. Please email sarah.jones@sjc.ox.ac.uk for more information.

To submit your application, download the form and complete as instructed. Then scan and e-mail to the above address.

In **Section C**, we ask questions regarding your **financial information**.

- *Questions 1-6:* In this section we ask about your household. Your household is the group of people you ordinarily live with as a family, and with whom you share household expenditure. This could include parents/guardians and/or a husband/wife/civil partner/partner (a civil partner is a person who has legally registered his/her partnership with another person). It would **not** normally include people with whom you share a flat/apartment/house as housemates, unless these people will be directly contributing financially to your studies. You may temporarily be living away from your household/family, e.g. for the purposes of studying, but this is not relevant, since we require information about the people you *ordinarily* live with.
- *Questions 5-6:* A dependent can be anyone, child/children, grandparents, disabled parent or spouse that you are financially responsible for.
- *Questions 7-11:* In this section, some of the questions are about your parent(s)/guardian(s). We anticipate that these will be the one or two people most closely involved in your upbringing. You may select birth parents, adopted parents, step-parents, foster parents, carers or guardians as best fits your own circumstances. Please now designate one person as 'parent/guardian one' and, if applicable, the other person as 'parent/guardian two', and keep these designations consistent through all the questions in this scholarship application concerning parents/guardians.

Please state all household income figures for the period 1st September 2022 to 31st August 2023.

For income, please state annual **net** income. This includes:

- ☐ "take-home pay" (salary **after** tax and other deductions)
- ☐ income from pensions or state benefits
- ☐ rental income from any property/properties in which you do not live
- ☐ interest on savings

It does **not** include any bonuses or benefits in kind. Please state your annual net income **before** any household bills (e.g. rent/mortgage, food bills, loan repayment, childcare cost, utility bills etc.) are paid.

If a salary is part-time, please include the actual annual net amount earned (after tax and other deductions), not the full-time equivalent.

Please enter the amount in UK pounds (£) if possible. If you need to enter these figures in your local currency, we will perform a conversion according the rates on the day of receipt of your application.

Please respond to the questions **to the best of your ability**. If you do not know the exact amount for any of these questions, please give your best estimate. If your household circumstances have changed significantly since 1 September 2023, or are expected to change significantly before 31 August 2024, please report the latest expected circumstances (e.g. if you have married or plan to marry, please answer on this basis).
