

Ioan and Rosemary James / Mathematical Institute Scholarship

The scholarship is offered by St John's College in partnership with the Mathematical Institute. It is available to a student embarking upon a D.Phil in Mathematics or joining a CDT in the Mathematical Institute.

It will cover full University fees (at either the Home/EU or Overseas student rate as applicable), College fees and a maintenance stipend at the UK research council rate for the duration of the full-fee liability period of study (3 years for D.Phil and 4 years for CDT).

The Mathematical Institute will also provide an additional 6 months maintenance stipend for a successful D.Phil applicant.

There is no separate application process for this award; however, applicants will need to apply to the University by the January deadline.

ONE scholarship will be awarded
