Where did you hear of these Fellowships?

Please give details of your current position (e.g. whether employed/self-employed/graduate student/unemployed, with brief details):

Education

Colleges or universities attended, with enrolment and expected completion dates in chronological order:

University degrees awarded, with dates:

Title of Doctoral Thesis

If you have submitted your doctoral thesis, on what date did you submit?

If not yet submitted, when do you expect to do so ?

If your professional training was interrupted by your doctorate, on what date did you complete your professional training ?

University and College Scholarships and Prizes:

Career since graduation (*with dates*) including any academic appointments:

If you feel that there are special factors that should be brought to the College's attention if you are applying more than two years since submitting your doctoral thesis or since you completed your professional training, *as outlined in the further particulars*, you should state them briefly here:

Publications:

Give the titles and a brief description (up to 500 words, including the nature of the piece of work [article, chapter of thesis etc.] and length) of up to three pieces of written or published work you would be prepared to submit if required. *The total word count should be less than 15,000 words.*

Give a very brief description (maximum 250 words) of your field of research (as this will be circulated to all members of the committee, some of whom will not be specialists in your subject, you should avoid technical phrasing as far as possible).

Write an account of your proposed research in not more than 1,000 words (excluding references) and attach as a pdf (this may be in specialist language).

Research Proposal enclosed

Will you need laboratory or studio space? (y/n)

If yes, have you contacted the relevant department? (y/n)
