

Working with Teachers and Year 12 Pupils in Ealing and Harrow

The St John's Inspire Programme is a series of events, visits, workshops and online contact for pupils and teachers from non-selective state schools in Ealing and Harrow. Through the St John's Inspire Programme, we want to encourage all pupils with exceptional promise to aim high, to stretch themselves academically and to be

confident in making well-founded applications to a top university like Oxford.

'St John's College is committed to both academic excellence and the promotion of diversity. It is through seeking out potential and supporting academic talent from the widest range of groups and settings that we realise our commitment to academic excellence.'
