## FINANCIAL DECLARATION

You will be required to complete a financial declaration in order to have your place at Oxford confirmed. Your college will be able to advise you about what information is required.

## HOME AND EU STUDENTS

If you are a Home or EU student the course fees for 2019 will be £9,250. All Home and EU students studying for their first undergraduate degree can access a tuition fee loan from the UK government for the full amount of their course fees and do not need to pay anything upfront.

If you do not wish to access a tuition fee loan, you will need to pay the full amount of your fee to your college at the start of each academic year.

See pages 7 and 8 for information about applying for a tuition fee loan to cover your course fees.

## CHANGES TO FEES

The University caps the amount by which it can increase its fees annually. More information about the amount of the cap and how the increase is calculated is available at [www.ox.ac.uk/ffchanges-fees](http://www.ox.ac.uk/ffchanges-fees). For Home and EU undergraduate students, course fees are also subject to a governmental fee cap and will not increase above the level of the fee cap, which is subject to annual review.

## ALL OTHER STUDENTS

If you do not have Home or EU fee status, you will not be eligible for a tuition fee loan from the UK government. Overseas students will also be charged a different level of course fees.

Fee status	Annual course fees payable by student
------------	---------------------------------------

Home/EU	£9,250
Islands	£9,250*
Overseas	Between £24,750 and £37,445

## MEDICAL STUDENTS

\*Medical students with Islands fee status should note that the course fees for the clinical years of their course will be considerably higher.

## LIVING COSTS

Living costs will vary significantly dependent on your lifestyle, but in 2019 these are estimated to be between £1,058 and £1,643 per month. This range is based on a single student with no dependants living in college accommodation (including utility bills). Undergraduate courses usually consist of three terms of eight weeks each, but as a guide you may wish to budget over a nine-month period to ensure you also have sufficient funds during the holidays to meet essential costs.

	Monthly living costs		Total living costs for 9 months	
	Lower range	Upper range	Lower range	Upper range
<b>Food</b>	£265	£371	£2,387	£3,342

<b>Other</b>	£23	£48	£208	£432
<b>Total</b>	£1,058	£1,643	£9,525	£14,790

When planning your finances for any future years of study in Oxford beyond 2019/20, you should allow for an estimated increase in living expenses of 3% each year.

## PREVIOUS STUDY

Home and EU students who have already completed a previous undergraduate programme of study will be classed as an Equivalent or Lower Qualification (ELQ) student for funding purposes and may not be eligible for UK government or Oxford financial support. See [ox.ac.uk/elq](http://ox.ac.uk/elq) for further details.

## ADDITIONAL COSTS

You may need to make additional provision for costs such as a student visa, international travel to and from Oxford and fieldwork. If you have dependants you will also need to consider separate costs related to your family. For information on course costs please visit [www.ox.ac.uk/courses](http://www.ox.ac.uk/courses).

# APPLYING FOR OXFORD AND UK GOVERNMENT SUPPORT

**Applications for support from the UK government are processed by regional funding agencies. Anyone supporting your application, such as parents, will also need to set up their own online account to provide information for your assessment.**

**England:** Student Finance England [www.gov.uk/student-finance](http://www.gov.uk/student-finance)

**Scotland:** Student Awards Agency for Scotland [www.saas.gov.uk](http://www.saas.gov.uk)

**Northern Ireland:** Student Finance NI [www.studentfinancenl.co.uk](http://www.studentfinancenl.co.uk)

**Rest of the EU:** Student Finance Services Non UK Team [www.gov.uk/apply-for-student-finance](http://www.gov.uk/apply-for-student-finance)

## **How do I ensure that my household income is assessed?**

If you want to be financially assessed, you and any adults you live with will need to complete a financial assessment as part of the application. During this process your household income is calculated. Although much of the process is automated you may need to provide additional information to support your assessment.

## **How is my household income calculated?**

The financial assessment will look at your household income for the last full tax year. For students starting their studies in 2019, this means that information from the 2017/18 tax year will be used. If this does not reflect your current financial situation, you might be able to undergo a current year assessment. You must first apply in the normal way based on the 2017/18 tax year. Please note that your household income must have dropped by at least 15% (5% in Northern Ireland) since the 2017/18 tax year.

## **What happens once my assessment is complete?**

Once your assessment has been completed, your regional funding agency will notify you of the support you will receive.

## **How do I apply for an Oxford Bursary or Moritz-Heyman Scholarship?**

There is no separate application process for an Oxford Bursary or Moritz-Heyman Scholarship as this is based on the household income assessment carried out by your regional funding agency. Please ensure you give consent to share your financial details with the University as part of your application, as this is how we gain access to the information required to assess you for support from Oxford.

## **When will I find out if I have been awarded an Oxford Bursary or Moritz-Heyman Scholarship?**

Students who are eligible will be notified from September 2019.

## KEY POINTS TO REMEMBER

- If you want to receive support from the UK government you have to apply for it.
- Apply online as soon as possible to ensure that the funding is in place for the start of your course.
- If you only want to apply for the minimum level of support (tuition fee loan and basic maintenance loan), you don't need to be means tested and won't need to provide your household income.
- If you want to be assessed for the maximum level of support available to you, you must be means tested and provide your household income. This will also allow you to be assessed for bursaries provided by Oxford.
- If you don't apply to be means tested by your regional funding agency, you will be automatically ineligible for bursaries from Oxford.
- Answer queries from your regional funding agency promptly if they require additional information regarding your application.
- Keep a record of your application and any correspondence with your regional funding agency. This will be invaluable if you have any difficulties with your application.
- Make sure that your contact details are kept up to date. All correspondence will be sent to the address you register with your regional funding agency including your bursary notifications.
