**How do we use your information?**

To help determine whether our activities are helping participants move on from school into further education, higher education and employment it is important that we collect information about the students who take part in them. We use the Higher Education Access Tracker (HEAT) service and database ([www.heat.ac.uk](http://www.heat.ac.uk)) to record information about our outreach activities and the students who take part in these activities. HEAT gives us the ability to track the educational journey of our outreach participants into university and beyond into employment. To find out more about how HEAT does this please go to [www.heat.ac.uk/what-is-heat](http://www.heat.ac.uk/what-is-heat). The data we collect is used to monitor, evaluate and improve our outreach activities and is never sold to any third party organisations. To find out all the specific details of how data stored in HEAT is used please read our privacy notice, which can be found [here](#).

Please address any comments or questions you have to: [inspire@sjc.ox.ac.uk](mailto:inspire@sjc.ox.ac.uk)

Please **tick here** to indicate that you have read the privacy notice entitled 'HEAT Privacy Notice' and agree that the personal information you have provided can be used as described in the privacy notice.
