

## Name of Policy: Safeguarding

**RESPONSIBLE COMMITTEE:** Welfare Committee

**RESPONSIBLE OFFICER:** Fellow for Welfare

**LINKED DOCUMENTS: College:** Harassment Policy and Procedure; Equality Policy; Data Protection Policy; *Prevent* Duty Policy; Room Booking Policy.

**LINKED DOCUMENTS: Other:** University Safeguarding Code of Practice; Conference of Colleges Safeguarding – guidance for colleges

**Annual Review date:** First meeting of Hilary Term

### PURPOSE OF POLICY

1. This policy sets out the College's approach to safeguarding adults at risk and children who come into contact with the College.

### AIM

2. The College is committed to providing a safe environment for all adults at risk and children who come into contact with the College through its teaching, research, outreach, access or other activities. This policy seeks to support activities involving adults at risk and children, and to offer assurances to Fellows, staff, students and visitors that safeguarding will be dealt with effectively and in a timely manner.

### SCOPE

3. For the purposes of this policy, 'child' or 'children' refers to a person or persons under the age of 18 (as defined in the Children Act 2004).

The term 'adult at risk' is used as an exact replacement for 'vulnerable adult', as used throughout existing government guidance to local authorities.

For the purposes of this policy an adult at risk refers to (as defined by the Department of Health) "those who are or may be in need of community care services by reason of mental or other disability, age or illness; and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation".

For the purposes of this policy, a College Member is anyone at St John's College, working with children whether as a fellow, employee, student or volunteer.

This Policy applies to all activities involving children or adults at risk and to all College Members.

The College recognises that it has a legal duty to safeguard the welfare of children who come onto its premises or come into contact with its Members under the Children Acts 1989 and 2004, and the Health and Safety at Work etc Act 1974.

Where a College Member occupies a position of trust with regard to children, an improper relationship with a child constitutes an abuse of trust under the Sexual Offences Act 2003.

The College also has certain powers, under the Rehabilitation of Offenders Act 1974, to enquire as to the criminal records history of Members to assess any risk to children.

External bodies booking the College's facilities will be expected to have in place their own safeguarding policies.

## **POLICY**

4. The College Safeguarding team comprises of:
  - The Domestic Bursar as the Designated Safeguarding Lead
  - The Senior Tutor as Deputy Safeguarding Lead and Safeguarding Officer for admissions and academic purposes,
  - The Fellow Access as Safeguarding Officer for outreach purposes.
  - The Head of Student Wellbeing, who provides support to the safeguarding team.

Contact details for the Safeguarding team can be found at the end of this policy document.

5. The College's Designated Safeguarding Lead and Officer(s) will receive appropriate training before commencing their duties, and should receive additional training as required on safeguarding or other issues identified through risk assessment.

The Safeguarding team are responsible for:

- Implementing and promoting this Policy;
- Ensuring that the Policy is monitored and reviewed in accordance with changes in legislation and guidance on the protection of children;
- Acting as the main contacts within the College for the protection of children;
- Ensuring that appropriate College Members are provided with information, advice and training on the protection of children;
- Establishing and maintaining contacts with the local Children's Social Care Services departments and Police;
- Maintaining confidential records of reported child abuse cases and action taken.

Where a role may require College Members to have unsupervised contact with, regularly care for, train, supervise or be in sole charge of children, the College will require satisfactory completion of a Criminal Records Bureau (DBS) Disclosure at the appropriate level.

All College Members are expected to comply fully with the guidance and procedures set out in this Policy. The College will ensure that Members are fully briefed and/or trained (as appropriate) on the implications of this Policy. This Policy is reviewed on an annual basis.

6. The College will maintain guidelines for those carrying out activities involving adults at risk or children. Particular care shall be afforded to a child under the age of 16, which should be considered in the risk assessments.
7. The College cannot act 'in loco parentis' and ultimate responsibility for children will rest with those who have parental responsibility.
8. Activities which involve adults at risk or children should:
  - Be designed so that appropriate training and supervision is available
  - Minimise occasions on which members of the Colleges need to work alone in an unsupervised way with adults at risk or children
  - Be risk assessed by the relevant Safeguarding Officer. The risk assessment should consider how the risks identified can be minimised and should also outline the local processes for reporting concerns. Training requirements and records of training undertaken should be recorded in risk assessments.
9. Any pre-employment or pre-activity checks should be carried out in accordance with the College's recruitment procedure.
10. The College will ensure there are robust procedures, both internally and externally, for sharing information with relevant authorities. Appropriate records will be retained in accordance with the College's Data Protection Policy.
1. In carrying out its safeguarding duty, the College will give due regard to preventing individuals from being drawn into terrorism as detailed in our *Prevent* duty policy.

#### People with Specific Responsibility for Child Protection and their Roles

The designated staff are responsible for:

##### **a) Procedure**

- i) Holding and being conversant with current local and national Child Protection procedures.
- ii) Keeping up to date through training. It is a requirement that this takes place at least every two years.
- iii) Reviewing and updating the College's Safeguarding and Child Protection Policies and inter agency working. Any deficiencies or weaknesses in the policies and procedures must be remedied without delay.
- iv) Liaison over safeguarding matters with the local Social Services Department.

##### **b) Raising Awareness**

- i) Briefing and guiding those in regular contact with children in College on Safeguarding matters. This includes the briefing of new staff as part of their induction.
- ii) Keeping close contact with all staff and maintaining awareness of Safeguarding and the need to raise any concerns immediately with the DSL.
- iii) Ensuring that the Safeguarding procedures are followed within the College, that each Member has access to the procedures and has an understanding of them.
- iv) The Safeguarding procedures must be available to parents and teachers of children working with the College on request.

## **Training**

Any member of the College who will be planning activities with children should have completed the online introduction to Safeguarding training, together with any additional training that may have been identified by the risk assessment process, as per the guidance below. Training courses can be found on the Oxfordshire Safeguarding Children Board [website](#).

The appropriate courses are as follows:

- For all members of College who come into contact with children in any capacity as part of their work or activities: 'An Introduction to safeguarding children' training (Level 1), completed online and refreshed every 3 years. This may apply to, for example, the Admissions Officer, Ambassadors and Lodge Staff. It could also be considered to apply to Peer Supporters and Junior Deans (in relation to undergraduates) or to department heads (in relation to apprentices or interns)
- For those involved in regulated activity with children or young people (regulated activity is defined as regular unsupervised contact with children i.e. 3 or more times in a 30 day period): 'An Introduction to safeguarding children' training (Level 1), completed online and refreshed every 3 years.
- For the College's Safeguarding Lead and Officer(s): the above training and 'Designated Lead Safeguarding Training' (Level 3), to be refreshed every 2 years.
- For any member of college working with adults at risk: 'Safeguarding adults' (Level 1), completed online. [this is unlikely to occur in a College context]
- Activity organisers may wish to arrange additional training as and when they or their supervisors feel it is appropriate.

Training should be recorded and monitored by the Safeguarding Officer.

### **Risk Assessment**

A risk assessment must be completed by the organisers of any activity specifically intended for children and which brings children onto College premises or into contact with College Members. Once completed, the risk assessment must be approved by a Safeguarding Officer before the activity is undertaken. For large residential events where children are in attendance, the relevant Safeguarding Officer should share the risk assessment with the DSL.

It is expected that for visits by schools where members of staff of that school are in attendance, the school will complete its own risk assessment and take its own child protection steps in accordance with local education authority guidelines. Consideration should be given to how the visitors' risk assessment and the college risk assessment overlap to ensure they are compatible.

### **Referrals**

Receiving reports of alleged or suspected child abuse within the College, or reported by a child relating to incidents at home or outside the College, contacting the Social Services Department and taking any other action in response, as set out below:

- Keeping records
- Liaising with the staff
- Liaising with the DSL

The Governing Body is responsible for undertaking an annual review of:

- The College's Safeguarding policy and procedures.
- The efficiency with which the related duties have been discharged.
- The DSL and members of the Safeguarding team have completed adequate training

### **ACCESS AND OUTREACH**

12. Selected outreach activity, such as residential courses for schoolchildren, summer schools or offer holder days, may come within the definition of a '[regulated activity](#)', which, in respect of children, relates to the nature of the activity, its intensity, and its frequency. For such activities, the College may consider putting separate policies in place and seeking advice, where required.
13. The College undertakes a range of activity, including outreach, student recruitment, and admissions interviewing which are not 'regulated activities' but which carry safeguarding implications and will be governed in accordance with the principles set out in this policy.

### **ON-COURSE STUDENTS**

14. The College may admit students who commence their studies before their 18th birthday. The College recognises that:

- Anyone under the age of 18, as a matter of law is a child;
- The College has special duties of care towards a child;
- The College is not in loco parentis, except in the case of a medical emergency where written permission has been previously obtained from the parent or guardian of the child.

The Academic Office should ensure that prior to the student arriving at college the College DSL, Safeguarding Officers, Domestic Bursar and relevant College Tutors are informed of the admission of:

- Any students under the age of 18;
- Any at risk adults [at risk adults are unlikely in a College context], where the Academic Office has been notified prior to their admission that a student falls into this category.

The Domestic Bursar is responsible for ensuring that the hall, bar and lodge JCR/MCR Presidents have the names of any students under the age of 18 and how this information can be shared.

The Academic Office under the direction of the Senior Tutor is responsible for gaining written agreement from parents and students under the age of 18 that they accept the provisions put in place, including signing an "Under-age Student Authorisation Form" and accompanying risk assessment, which will set out particular areas that must be agreed by the student and the parent for them to be permitted to study at the College.

## **DEALING WITH SUSPICIONS OR ALLEGATIONS OF ABUSE**

- 15 Those working with children and adults at risk may:
  - Have alleged abuse disclosed to them;
  - Suspect abuse is being carried out; or
  - Be accused of abusing those in their charge.
16. Whilst these issues may require very different courses of action, it is essential that the safety and welfare of the child or adult at risk is prioritised. The risk assessment for any activity involving adults at risk or children should identify at least one individual who will act as the key contact point to deal with such matters and identify the route for ensuring concerns and allegations are escalated without delay.
17. Where a child or adult at risk discloses alleged abuse, or a member of the College suspects abuse, this should be referred to a Safeguarding Officer who will assess and, where appropriate, contact the relevant statutory agency for advice.
18. In the event that an allegation is made against a member of the College, this must be referred to a Safeguarding Officer who will assess and, where appropriate in cases involving children, refer the matter to the Multi-Agency safeguarding Hub. This referral must be made within one working day of the allegations being

made. The Local Area Designated Officer will advise on the appropriate action to be taken. In cases involving adults at risk of harm, referral will be made to the relevant statutory agency.

- 19. In the event there is a risk of immediate serious harm to a child or an adult at risk the emergency services should be contacted via 999 or the police via the 101 service. A Safeguarding Officer and the Safeguarding lead should be notified that a report has been made.
